Thinking about the future

Do you think Inter Faith Week should continue to take place each year?

Yes

No

Please add any comment that you may wish:

Inter Faith Week is arranged to begin each year on Remembrance Sunday to support and encourage remembering together of the service of soldiers and civilians of different faiths and beliefs, and reflection on peace. This year, Remembrance Sunday was also the centenary of Armistice Day. Do you find the Remembrance Sunday start day:

Desirable

Undesirable

If you have different views on the normal timing with Remembrance Sunday and this year's Armistice 100 dimension, please do include this.

Because the Week begins on Remembrance Sunday, it lasts for 8 days, including the following Sunday. Do you find the 8-day Week helpful or unhelpful?

Inter Faith Week includes within it - or close to it - Mitzvah Day, and there is a close working relationship between the two initiatives. Do you find this link helpful or unhelpful?

Inter Faith Week does not include an annual theme, beyond the three main aims of the Week. This is because, to date, feedback has suggested that participants like a broad week. Would you like to see the Week move to having a fixed theme each year?

- Yes
- No

Registering your activities

IFN encourages, via social media and other networks, bodies holding activities to register them at www.interfaithweek.org. This is to help the public know about activities in their area and to raise the profile of the Week. If you held an activity but did not register it on the website or send us information, what could we do to help enable or encourage you to do so in future?

If the free registration packs were made available again in future years to those registering events, would you be more or less likely to submit your activity through the Inter Faith Week website?

- More likely
- Less likely
- About the same
- Don't know

And finally...

Inter Faith Week is a programme of the Inter Faith Network for the UK. It manages the Inter Faith Week website, Twitter, Instagram and Facebook accounts; collects information about events/ activities; encourages participation, including through producing resources and raising awareness; aims to raise the profile of activities taking place to mark the Week; provides branding and merchandise; and reports upon the Week afterwards. If there was one thing the Inter Faith Network could do to improve or build upon Inter Faith Week, what would this be?

If you have any further comments including any suggestions about ways to develop Inter Faith Week in the future to have even more impact, please use the space below.

You can submit this survey answer without giving your personal or organisational details or you can add your name, organisation and email address below if you would like to do so.
